

Pastors Mike and Charles thank you for your part in the “Ethos Project,” something that will help both pastors guide RockRidge Church into the future. As we look ahead to a season of transition, these biographical questions will help us form a complete picture of RRC’s history and its significance in the lives and spiritual growth of its members. The more members we hear from, the more full that picture becomes, so we thank you for dedicating some of your time and attention to answering these questions. Below, you will find the questions, and some additional insights to help you form an answer.

This exercise is separated into two sets of two questions. The first set of questions will be answered in the week of 9/16 (questions 1-2), and the second set the week of 9/23 (questions 3-4). Please write your answers down and give them to your Life Group leader, so that they can forward them to our pastors.

1. What was a significant moment in our church’s history? At what times did you see/feel the activity of the Holy Spirit at RockRidge Church?

Consider moments throughout your time as a member of RockRidge Church that stand out to you as moments of particular significance. They might be moments of change, transition, arrivals or departures, gains or losses, or when big decisions were made. Include whatever chronological information you can (months, years, dates).

2. Excluding the pastoral staff, what RockRidge Church members have most influenced your spiritual formation? What fellow RRC members have been most important to your Christian maturity?

Please include who they were and in what ways they have helped you to grow as a believer. Also, please describe how this was done—through a small group, during a Bible study, through your friendship, etc.

3. RockRidge Church has had many ministries over the years. In what ministries have you served, and which area of service has been most significant to you?

Think back to different ways you have served RRC over the years. Did you teach Sunday School? Were you involved with Climbing Higher? Have you helped with Feed the Hungry as a bread-cutter? Include all of the ways you've served. Then, describe which one has contributed most to your Christian life.

4. What prayers do you have for the future of RockRidge Church?
