

THE MIRACLES THAT GOT US HERE

May 1998: Original 2 3/4 acre property purchased by the church on the corner of Margarita and DePortia Rd. in Temecula for \$85,000. Fully funded for the church by CIF (lender of the North American Baptist Conference). Property was discovered when one of our members "just happened" to be driving by as the "For Sale" sign was being put in the ground.

2003: Property rezoned from rural residential to professional office by the Temecula city council despite a decision from the Planning Commission to "not recommend" zone change. This miracle was made possible by the plans to build a hospital nearby. This was unknown at the time of the Planning Commission decision.

Oct. 2004: After many attempts the original piece of property was sold for \$1.3 million. So \$85,000 became \$1.3 million!

Oct. 2006: The church purchases 12 acres for \$750,000 on Scott Rd., a future 6 lane road connecting I-215 with Winchester Rd., the major arterial connecting Hemet and Temecula.

Feb. 2012: We need water! So we drill a well. At 976 feet we hit 55 gallons per minute! This saves us an expense of \$300,000 - \$500,000 to run a water line one mile from the nearest connection!

Sept. 2015
Grading Begins!

ROCKRIDGE CHURCH

Making disciples who love God, love others, and serve.

COMPLETING THE DREAM

"CONSIDER NOW, FOR THE LORD HAS CHOSEN YOU TO BUILD A HOUSE FOR THE SANCTUARY; BE COURAGEOUS AND ACT." - 1CHRON. 28:10

"God has given RockRidge Church the dream of building a "base of operations" in Southwest Riverside County for making disciples. And since we serve a generous God, we will share this space with our community to meet the needs of our neighbors."
